

The 13th Demo Trading Contest

2nd place — Evgeny Somenkov

We congratulate you on the 2nd place in the 13th Demo Trading Contest and would like to ask you the following questions:

Please tell us a bit about yourself.

I am 56 years old. I was born in Nizhny Novgorod, the city I was not away from for a long time. The question concerning education always bewilders me... There are some main variants: a) I study b) Self-education – incomplete education c) So-so... Occupation – earlier it used to be electronics and microprocessor technology, now I am a trader (I have got a certificate from the investment holding company). Hobbies – sports, music, etc.

How long have you been trading Forex?

Approximately 5 years.

How did you find out about the contest run by the Company Real Trade? Did you expect the victory?

I have found out about your company and the running contest shortly before the end of registration in the Google search engine looking for *Forex contest*. It turned out to be successful. I do not renounce participation in contests if it does not harm trading on a real account. I happened to win contests in other companies as well, however, I would like to take the leading places more frequently.

What is your trading during the contest based on?

Technique with an expert in my head.

What strategy do you prefer – a long-term or a short-term? Why?

Due to a number of reasons – a short-term and a great desire to move to a long-term trading.

What currency pair do you prefer to work with? Why?

Instruments are different, no priority is given – everything depends on the market situation.

What kind of means or methods do you use in order to gain knowledge about Forex market? What would you like to advise beginners?

Earlier I used to use Internet sources, now I prefer books. Work with a book is more productive and less tiresome if compared with a reading from the monitor's screen.

Thank you for answering our questions and good luck in your trading!
