We congratulate you on the 1st place in the 15th Demo Trading Contest and would like to ask you the following questions:

I have been trading Forex for about 2 years.

I have been told about the contest by my Forex teacher. At the beginning I did not expect to become a winner, but at the end of the 1st week a hope to win the contest appeared. I have not won any contest before.

What is your trading during the contest based on?

My trading is based on technical analysis without Expert Advisors.

I prefer a short-term strategy (to open and close positions within two days), because it is more profitable.

I prefer to trade Euro and Australian Dollar.

What kind of means or methods do you use in order to gain knowledge about Forex market? What would you like to advise beginners?

Mainly I gain knowledge about Forex market from my teacher and sometimes through Internet sources. I advise beginners the following:

- Learn how to trade Forex for at least six months before opening a real account.
- Have a discipline strategy to reach the goals.
- Bear in mind that Forex is not a magic stick!
