

The 15th Demo Trading Contest

2nd place — Alexander Kalinkin

We congratulate you on the 2nd place in the 15th Demo Trading Contest and would like to ask you the following questions:

Please tell us a bit about yourself.

I am 25 years old and I live in Makeyevka, Ukraine. I have a secondary technical education. Generally I trade financial markets. I am temporarily unemployed.

How long have you been trading Forex?

I have been trading Forex for more than 2 years.

How did you find out about the contest run by the Company Real Trade? Have you earlier won similar Forex contests?

I have found out about the contest on the Internet and made up my mind to try out my trading strategy in practice. Yes, I have recently taken one of the leading places in a similar contest.

What is your trading during the contest based on?

My strategy is based on a technical analysis without the use of Expert Advisors only for a manual trading as well as standard MetaTrader's indicators, patience and discipline.

What strategy do you prefer – a long-term or a short-term? Why?

Generally I prefer a medium-term strategy, however, occasionally I use a short-term strategy as well.

What currency pair do you prefer to work with? Why?

At present I trade GBPJPY as it always has a high volatility. I can trade other currency pairs as well.

What kind of means or methods do you use in order to gain knowledge about Forex market? What would you like to advise beginners?

There is a great deal of information on the Forex market on the Internet. Sometimes there is even much more information than a teacher can tell you on trading seminars. Of course, my personal experience helps me too. I advise beginners to learn about Forex from experienced traders and gain personal experience. Thank you. See you soon. It is a pleasure to work with you!

Thank you for answering our questions and good luck in your trading!
